VAD's purpose is to assist with services that MDA can no longer provide in the southeastern MI area. We've built ramps, helped with the cost of home modifications, chair lifts, wheelchair repairs, minor medical expenses and handicapped accessible van repairs. Our primary mission is to provide a week-long summer camp, which was eliminated for patients over 18 years of age by MDA. For many patients, camp is one of the true social events they can participate in on equal ground. For others, it's the only time they get out of their house all year.

SPONSORSHIP

Participation as a sponsor provides your company with a unique opportunity to showcase its commitment to the local community. **Sponsorship requires a designated individual from your team to bring 2 gallons of their favorite chili to serve throughout the evening.** This sponsorship includes signage on your table plus tickets for your team. Does your team have the "Best Chili" to win the trophy this year?
